HAND APPLIED

REPAIR AGENT

ANTI-FUNGAL

Application Tool

Suitable for application by hand or spatula

Pack Sizes

300 gms

Surface Preparation

- Ensure that the surface to be applied is clean & dry. Any fungal growth should be removed thoroughly.

Ready to Use

Product is supplied in ready to use condition

Application

- Massage the tube gently before use.
- Remove the cap & cut the nozzle. Gently squeeze the tube into the joints and smooth with a spatula or putty knife or moistened fingers.
- Wait for 30 minutes to remove excess material with a moist cloth.

Finishing

Allow the material to dry completely for 24 hours before exposing to damp or wet conditions. Drying time may vary according to temperature and humidity. For instance, drying time will be significantly longer in cool and damp conditions.

| | | |
|---|---|---|
| Drying Time*  Hard Dry : 24 hours | Stability of paste <p>Use within 24 hrs. of taking out from the tube</p> | VOC Level <p>< 50 gm/lit</p> |
| Coverage <p>For grouting of joints less than 5 mm wide* 5 mm deep, 8-10 rft/100 gms</p> | Flash Point <p>Non Flash</p> | Shelf Life <p>36 months Store away from direct sunlight.</p> |
