

VIVEFIX PLUS PART B ELASTIC EMULSION TO COMBINE WITH VIVEFLIX PLUS PART A

- **Increases the mechanical strength of waterproofing cement-based mortars**
- **Improvement of workability and waterproofing**

DESCRIPTION

Vivechrom's **VIVEFIX PLUS Part B** is an elastic emulsion additive to mortars, in cases where there are high requirements for elasticity and waterproofing. It improves the workability of cement mortar and increases its mechanical strength. It is an ideal additive to cement-based mortar VIVEFILX PLUS Part A, for the area that needs high water insulation of the external thermal insulation composite system

THERMOPROTECT by Vivechrom.

It is certified with the CE mark according to the harmonized standard EN 1504-2:2004.

PRODUCT INFORMATION

Product Identification

Consistency:	Liquid
Colour:	White
Chemical Base:	Acrylic Dispersion
Density:	1,05±0,05 kg/l
Packaging:	7Lt Bottle

SURFACE PREPARATION

- Surfaces must be flat and firm, clean and dry, without loose materials, dust and oils.
- Before and after applying VIVEFLIX PLUS system (Parts A & B), the substrate should be saturated with water.

APPLICATION

- **For Vivechrom's THERMOPROTECT ETICS system:** Pour VIVEFIX PLUS Part B (7 lt) into a suitable container and mix it with VIVEFIX PLUS Part A (25 kg) while continuously stirring with an electric stirrer, at low speed for 3-5 minutes, until a homogeneous paste without lumps is created. The mixture is applied in 60-90 minutes, depending on the temperature conditions.
- **In other applications, as a cement mortar admixture:** add this emulsion to the water added to the mortar in a percentage from 30% to 100%.
- **Application** of the material at temperatures from +8°C to +35°C.
- **STORAGE - SHELF LIFE:** Store in a dry place, preferably on pallets, and at temperatures between +5°C and +35°C, for 12 months from production date.

TOOL CLEANING – WASTE MANAGEMENT

- Remove as much material as possible from the tools before cleaning them. Clean the tools immediately after use with water and detergent solution.

HEALTH, SAFETY & ENVIRONMENTAL INFORMATION

Keep out of reach of children • If medical advice is needed, have product container or label at hand • Do not get in eyes, on skin, or on clothing • Call a POISON CENTER or doctor if you feel unwell • Do not empty into drains • Dispose of contents and container in accordance with all national regulations • Contains biocidal product: C(M)IT/MIT(3:1). May produce an allergic reaction. Poison Control Center for Greece: 210 7793777 / for Cyprus: 1401.

VOC (Volatile Organic Compounds): EU limit value for this product category A/j, Type WB: 140 g/l (2010). This product contains max 2 g/l VOC
